- **We are not emotionally prepared to handle the constant rate of technological change**
- **New technologies require new ways of thinking**
- **A new tool can extend our reach in many ways**
- **Sometimes, new technologies have negative effects mixed in with their blessings**

The old west outlaw

- Worked with a gang
- Could only steal what he and the gang could carry on horseback
- Had an effective range limited to one day's horse travel
- Could only steal what was available locally

What did cars bring to crime?

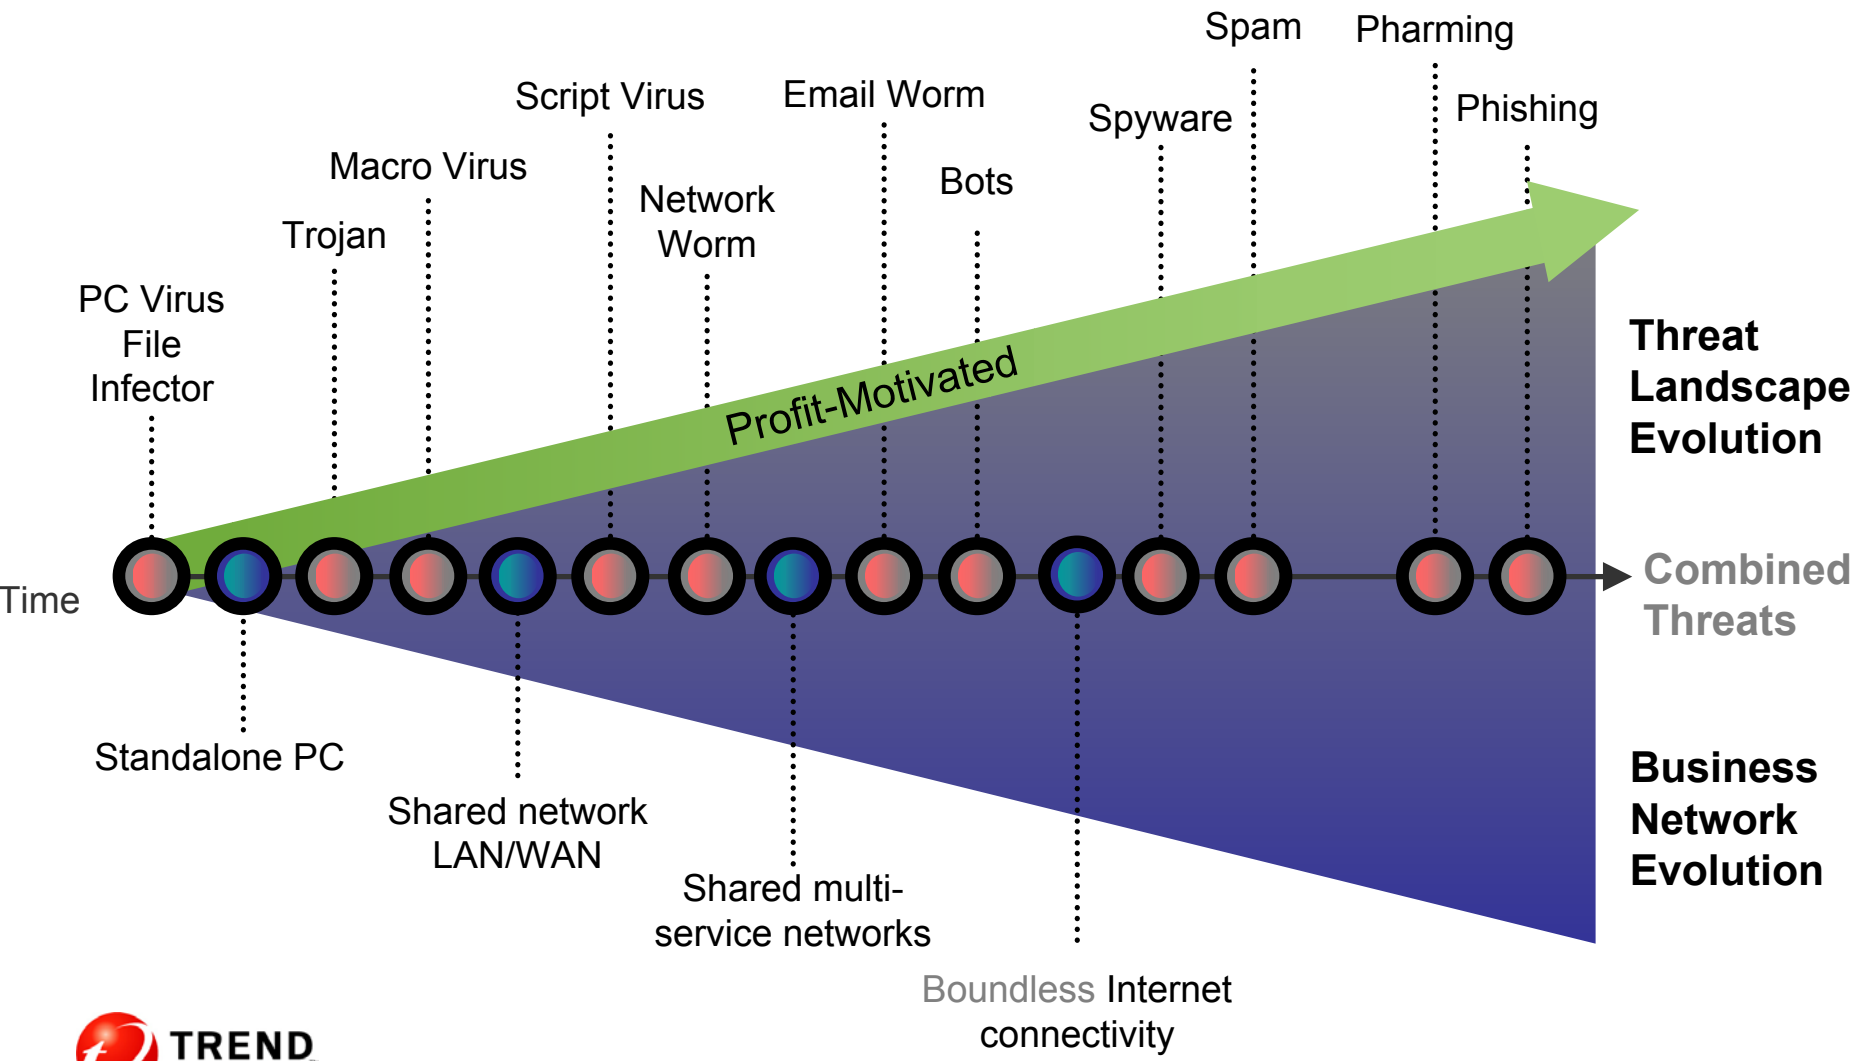

- Added range (an outlaw could cross state lines in a single day)
- Added carrying power (Cars can carry more loot than a horse)
- Higher firepower weapons (car based gangs favored automatic weapons)
- The rise in interstate crime brought the FBI to prominence

- Banks
- eBay™ and PayPal™
- Why are these the main targets of cyber crime?
